DAHLIAS FOR YOUR VICTORY GARDEN

We will not issue a complete general catalog in 1943. In line with the Conservation Program, we are issuing this 12 Page Supplement to be used with the 1942 Catalog. There have been no changes in 1942 Dahlia prices, except reductions on those above the \$1.50 bracket.

In the center of this Supplement, you will find the revised price list for 1943 with quite a change in the listing of Pot Roots and Plants that we are offering this year, so we ask that you use this new Price List when making out your order.

PLEASE ORDER EARLY. We ask your cooperation this year more than ever, so that we may be able to have your order reserved and have the roots ready for filling your order before the rush of shipping sets in. Although we have plenty of good root stock at this time, early orders will of necessity have preference. The labor factor involved means that we must look further ahead than usual.

A Victory Garden, according to Government definition, means any garden planted primarily for the non-commercial production of vegetables and small fruit. The use of Victory Garden Fertilizer (3-8-7) is permitted by Government regulations for Victory Gardens. It is our suggestion that you make a Victory Garden where you have been growing dahlias or would like to grow them. You can so arrange your rows that dahlias can be planted between your vegetables. You can grow any or all of the early vegetables by planting lettuce, onion sets, radishes, or early peas where dahlias should be planted later, and early beans, beets, carrots, etc. so that they will be between the dahlia rows. Double cropping, or rotation of crops, is good for the soil, and takes very little more fertilizer, but insects should be kept under control.

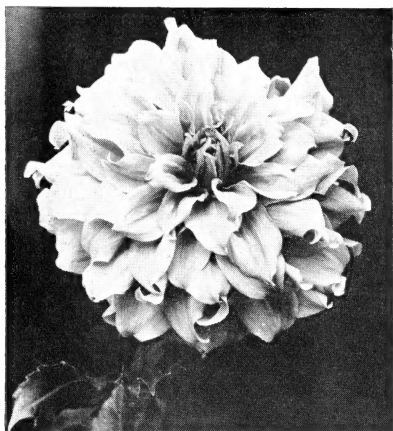

We are listing an extensive number of varieties this year, but will discontinue growing a great number of these as we are turning more than half of our acreage over to the war effort by growing edibles. We therefore suggest that you look our list over carefully, and if you have any favorites in the older varieties, better get them this year and be sure of them.

DAHLIADEL 1943 INTRODUCTIONS

RHYTHM (Dozier-Dahlia, 86 A-B) **IC**, Bloom 8-9x6, Bush 5 ft. Once every decade a Super Dahlia appears, such is Rhythm. It has form and exquisite beauty, with its double serrated tips. The color is an unusual cameo pink suffused soft rose, with soft lemon shadings at the base of the petals and center of the flower. It is not one of the "big fellows", but a beautiful dainty flower with a unique form that just appeals to you. One of the Trial Grounds describes it as an "old-fashioned" pink with a silver reverse. This dahlia has been awarded the Derrill W. Hart Memorial Gold Medal, the highest award a dahlia can receive for Trial Ground performance. It scored 85 at Storrs, 85 at East Lansing and 86½ at West Virginia, where one plant had seventeen flowers on the first day of judging. In 1940 this dahlia was a winner in the Camden and Baltimore Seedling Classes, and won an Achievement Medal in Camden. It did very well at Scranton Trials and Certified at Maryland Trial Grounds this year. It is a good root maker, and has rugged plant growth. All who have seen it are enthusiastic. \$5 are we.

Root, \$15.00; Pot Root, \$10.00; Plant, \$7.50

DAHLIADEL 1943 INTRODUCTIONS, cont'd

JOHN W. SHERWOOD (Berwick-Dahlidel 85A), **1D**, **Bloom 12 x 7**, **Bush 5 ft.** To rightly introduce a Dahlia, it should have something that others do not have, along with the standard requirements of form, size, free and early blooming habits, and plenty of vitality. This Informal Decorative is really different, with its violet or silvery mauve color, enlivened with Tyrian pink, and its slight gold tips. Blooms are artistic, with petals that curl and twist. Attracted much attention. A marvelous rugged grower, consistent bloomer, and stands all kinds of weather. Scored 86 at Ohio Valley Trial Grounds, and showed up well on Trial at Scranton. Very satisfactory.

Root, \$10.00; Pot Root, \$7.50; Plant, \$5.00

SPARKLE (Dahlidel 85S), **Coll**, **Bloom 3 1/2**, **Bush 2 1/2 ft.** In our Collarette family we have long been looking for a good, pure white that would bloom throughout the season without burning, and also produce a shapely bush for border planting. We have grown Sparkle for three years and feel confident it will more than please you as it takes its place with our former introductions, Orangeade and Saturn. Easy to grow, full of vitality, and a good root maker. Produces long straight stems for cutting, and truly sparkles in its profusion of bloom.

Root, \$3.00; Pot Root, \$2.00; Plant, \$1.50

1943 INTRODUCTIONS of Other Growers

Plants grown from Originator's or Introducer's Stock

SMALL VARIETIES

BRIGHT IDEA (Dixie 85S) **M FD**, **Bloom 3 1/2 x 2**, **Bush 3 ft.** This bi-color of deep crimson tipped white is a profuse bloomer. Petals open back to the stem, giving it a ball effect. Bush growth is rugged and healthy. Won first in Seedling Classes in Toledo and Cleveland. Certified at Ohio Valley, and on two of the Honor Rolls.

Plant, \$1.50

COINCIDENT (Dixie 85S), **Coll**, **Bloom 4**. A very striking variety. Scarlet heavily bordered chrome yellow without any blending, with a cream collar, making three distinct colors. Certified at East Lansing and on the Honor Roll.

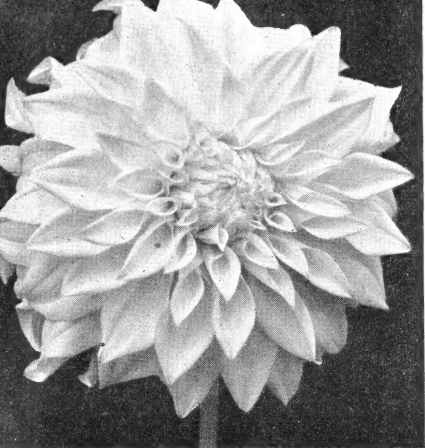

Plant, \$1.50

DUSKY (Doermann 85S), **M Ba**, **Bloom 3 x 3**, **Bush 3 ft.** A small variety that Certified at Storrs and East Lansing, and scored 84.2 at Ohio Valley. It is a carmine shaded maroon Ball dahlia, with petals well-quilled and rolling back to the stem. This variety is credited to have had 33 blooms on the 3 bushes at the Maryland Trial Grounds on October 18th, and all perfect.

Plant, \$1.00

YELLOW KITTEN (Chautauqua 85S), **M FD**, **Bloom 2 1/2 x 2**, **Bush 4 ft.** We need more yellows in the Miniature Class, and this promises us something different as it is faintly tipped light pink. Certified at East Lansing and on Dudley's Honor Roll. I liked it at Storrs, for it was an early and most profuse bloomer.

Plant, \$1.00

Moon Goddess

with clean insect-resistant foliage. Very profuse. Winner at New York, and on Dudley's Honor Roll.
Plant, \$5.00

INDIAN GIANT (Emmons 85A), **ID, Bloom 12 x 6, Bush 4 ft.** A Certificate winner at East Lansing of rich autumn color with Indian yellow reverse. Fine strong stems and good flowering habit. One that will be popular.
Plant, \$5.00

IRENE DUNNE (Hall-Wells-Ruschmohr 85A), **St.C, Bloom 9 x 5½, Bush 6 ft.** This attractive Straight Cactus is between phlox pink and mauve, with a much lighter center. Foliage is medium dark and it is a profuse bloomer. Achievement Medal Winner at Scranton.
Plant, \$5.00

MARIE O'KEEFE (Garfield 85A), **S-C, Bloom 10 x 6, Bush 6 ft.** Orange chrome shading to golden yellow at base. A winner at the New York Show and named for Eddie O'Keefe's wife, which should make it very popular.
Plant, \$7.50

PEARL HARBOR (Dixie 85A), **ID, Bloom 9 x 4, Bush 4½ ft.** Another variegated dahlia, violet rose flecked Tyrian pink, which color varies a little in different gardens. Bush height is medium, and stems are good. Should give plenty of competition in its class. Certified at Storrs in 1941 and on all three Flower Grower Honor Rolls '42.
Plant, \$5.00

SHANGRI LA (Rainbow 85B), **FD, Bloom 6 x 4.** As I saw this dahlia in better shape the 2nd day at the New York Show, I think it should be a real cut flower. It is a clear soft lemon yellow of good form. Long erect stems and a good healthy grower.
Plant, \$3.50

STALIN (Zazo 86B), **IC, Bloom 7 x 4, Bush 6 ft.** Another variety which I scored high at Storrs. It is a clear, bright and attractive scarlet. Certainly had health and vigor, and showed no insect damage. Profuse bloomer. Outstanding for its color. Scored 86 at Storrs.
Plant, \$2.50 NET

SUN TAN (Chappaqua 85A), **S-C, Bloom 10 x 6, Bush 5 ft.** This is an attractive orange chrome with a bronzy sheen. Won in the New York Show. High centers, narrow petals, and fine form. Keeps well when cut.
Plant, \$5.00

THE RANGER (Salem 85B), **IC, Bloom 8 x 4, Bush 7 ft.** A tall rugged grower. True purple with white veins running the length of the petals and reverse of pure white, which shows as the bloom develops and petals curl. Prolific and very different. On the Flower Grower Honor Roll.
Plant, \$5.00

WINGS (Geneva 85A), **S-C, Bloom 10½ x 7, Bush 6 ft.** A large dark amaranth red that showed up well in the New York Show where it was a winner. A strong vigorous grower, with long erect stems holding the flower a foot or more above the foliage.
Plant, \$3.50

1943 INTRODUCTIONS of Other Growers

Plants grown from Originator's or Introducer's Stock

MOON GODDESS (Southern 85A), **FD or ID, Bloom 11 x 6.** This primrose yellow came into its own at Washington, was really sensational, and won the Achievement Medal. It comes Formal early, and then develops and opens out into an Informal. The bushes are large and unusually vigorous. Already has won many prizes. On Lynn Dudley's and Eddy's Honor Rolls.
Plant, \$5.00

BAKER'S BEST (Baker-Hillside 86A), **ID, Bloom 10½ x 7, Bush 5½ ft.** One of the most promising dahlias at Storrs, and my personal score was 86A. Color is deep clear sulphur yellow, with plenty of substance as well as size. A fine grower with strong erect stems. Introducer says it is a good root maker too.
Plant, \$3.35

BESS SMITH (Anderson 85A), **ID, Bloom 10 x 5, Bush 5 ft.** The Derrill Hart Medal Winner for 1941, and I certainly thought it a fine one at Storrs. A white with slight creamy center that has substance and good habits of growth. Does not burn. Very pleasing form.
Plant, \$7.50

COLIN KELLY, JR. (Salem 85A), **ID, Bloom 12 x 5, Bush 4½ ft.** One of the largest new phlox pink dahlias. Introducer advises use of Potash because in wet weather the stems have difficulty holding the huge blooms. Should be a competitor on the exhibition table. On the Flower Grower Honor Rolls.
Plant, \$7.50

DIXIE'S WINE DOT (Dixie 85A), **ID, Bloom 10 x 4, Bush 6½ ft.** An attractive variegated dahlia, which I saw at Storrs. More Informal and larger than Haslerova. White with the wavy petals suffused, flecked and dotted rosy magenta. Won 3 Achievement Medals and Certified at Ohio Valley.
Plant, \$5.00

GAIL KEPPEL (Anderson 85B), **IC, Bloom 7 x 3½.** A pleasing bright rose shading lighter at tips with a yellow cast at center. Healthy rugged grower,

VARIETIES NOT DESCRIBED IN 1942 CATALOG

A. G. GOODACRE (Goodacre-Dixie 85A), **FD**, Bloom 9 x 4, Bush 3½ ft. The best Formal yellow and white bi-color we have found. Strong rugged grower, and very profuse. **Plant, .75**

BARBAROSA (Ballego 85B), **FD**, Bloom 7 x 5, Bush 4 ft. Offered for the first time in this country as far as we know. BILL'S SPLENDOR (Salem 85A), 1942, **ID**, Bloom 10 x 6, Bush 4 ft. A deep Tyrian pink that is near the lavender which appealed to me as I saw it growing this Fall. A good vigorous grower. **Plant, \$2.50**

DAHLIAMUM (Chemar 85A), 1940, **ID**, Bloom 10 x 7, Bush 5 ft. A very large flower of a yellow buff and amber combination suffused with gold. Petals are twisted. A strong growing variety. Certified at Storrs. **Root, \$2.00; Plant, .75**

LADY IN RED (Dixie 85B), 1942, **S-C**, Bloom 8 x 5, Bush 5 ft. A bright scarlet red that is a good cut flower. Beautiful for baskets. A vigorous grower with dark green foliage. **Root, \$6.00; Plant, \$2.00**

MRS. W. KEENE (Garfield 85A), 1941, **ID**, Bloom 8 x 5, Bush 5 ft. An Australian variety that is a very pretty light yellow suffused pink at center. Not as large as Lord of Autumn, but a vigorous grower with strong erect stems. Petals roll back to the stem. **Root, \$3.00; Plant, \$1.00**

MRS. WM. KNUDSEN (Dixie 85A), **ID**, Bloom 12 x 7, Bush 5½ ft. A massive pure waxy white.

Vigorous grower, but must be planted early as it is inclined to be late. Very satisfactory. **Root, .75**

PYGMALION (Holland 85A), **S-C** or **IC**, Bloom 9 x 5, Bush 5 ft. Large orange-tan flowers heavily suffused peach red. Attracts attention. I saw it well-exhibited in the New York Show. **Plant, \$1.00**

REGALIA (Ballay 85A), 1942, **IC**, Bloom 10 x 6, Bush 4 ft. A bright soft rhodamine purple with a lighter reverse. It has self-colored and white petals, which make it very striking. DAHLIADEL RECOMMENDATIONS

for your Victory Garden

If you were at Dahlia del and asked me to check a list of the most satisfactory varieties of dahlias for you to grow, you would probably say for those easy to grow, that produce plenty of flowers good for cutting, house decoration, and exhibition—oh yes, you would want some of the big ones too that will be the envy of the neighborhood. Well, here they are.

With this table of recommended varieties you can pick the types and colors you like most. Where there is more than one, the top variety is the newer and likewise the higher priced one. Practically all of the 170 varieties have won prizes at Shows or Trial Grounds, and will do it again if properly grown and exhibited.

DAHLIA SEED

Sow in flats or frames in early spring in light soil, cover the seed not more than one-fourth inch about the same as you would tomato seed. When first pair of true leaves are well developed transplant into small pots or flats and grow in cool temperature until they can be planted in the garden. Should they get too large pinch back and shift to larger pots giving them room.

DAHLIA SEEDLINGS never come true to their parentage, but do usually show some similar characteristics in form, color or bush growth. You cannot grow seedlings of a named variety and produce the same variety.

NOTICE ON GREEN PLANT AND ROOTED CUTTING SHIPMENTS

Plants will be shipped from April 15th to July 15th, while Rooted Cuttings can be shipped 2 weeks earlier but neither can be sent C. O. D., as this causes delay. When roots and plants are ordered together, roots will be held and shipped with the plants unless otherwise specified. 25 cents must be included with all plant and rooted cutting orders to cover **Special Delivery** except where there is no **Special Delivery** service at post office of destination; in which case, send 15 cents for **Special Handling**. We pay all regular postage. We do not guarantee safe delivery unless plants or rooted cuttings are shipped as above.

Rooted cuttings are the cheapest form in which dahlias can be purchased. They are 1/3 less in price than plants. We do not have sufficient stock to supply rooted cuttings on all of the 1943 Introductions. We will gladly advise on varieties in which you are interested.
